

# Support Your Alma Mater

**Wondering how you can give back to University of Peradeniya?**

Project 01

Extending the Campus Network to the University Halls of Residence:

**Phase I – Akbar Nell Hall Complex**

## Why is it essential?

- **Learning Management Systems (LMS)** and **online teaching** are used and actively promoted in all the faculties
- No Internet access in any hostel forcing students to **use their own data** – expensive and discourage using online systems
- The university has a **dedicated Internet connection of 1.5Gbps** – mostly **underutilized**, especially at night
- University funds are **insufficient**

To achieve the above, the students and the Warden submitted a request accompanied by a **certified BOQ** with an **Estimate of Rs. 6,693,700.00**

- with facilities to extend it to three other Halls of Residence around [**New Akbar, Malalasekara and Ediriweera Sarachchandra**], and
- to be utilized by over **600 students daily**, and will last and **upgradable for another 20-30 years**

To complete this project, **we are seeking your kind donations**. It will directly go to the **AAUP University Development Fund** – Every donation, regardless of the amount, helps!!!

**Bank Account – 1273515 BOC Peradeniya (SWIFT code- BCEYLK LX)**

**We plan to launch the project on 29<sup>th</sup> March 2020 (AAUP-AGM 2020)**
